Grants Assistance
eCivis Partnership

Why eCivis

- **Most widely used grants management system**
- **1,000+ State, Local and Tribal govs**
- **In Florida: 25 municipalities + 10 counties**

Software assists with:
- **Identifying new funding for needed projects**
- **Overseeing applications**
- **Grants award management processes**
- **Administering crucial funding to the community such as with ARPA funding**

Empowers users to optimize financial outcomes by digitally transforming the way they find and manage grants, including revenue recovery using indirect cost rates and cost allocation plans.

Partners
